

Missions Fest Vancouver 2006

Missions Fest Vancouver January 27 – 29, was again a tremendous outreach success with participation from around the world www.missionsfestvancouver.ca. Choosing Truth Ministries had the opportunity to participate as one of the 200 exhibitors for a third year. We were located again at Booth E-9. Ministry advertisement identifying our focus on Freemasonry reaching out to Masons helping to equip the Church was again included in the Missions Fest Magazine so people and Church organizations would know who we are and where we were at. This year our handout material consisted of eight documents in addition to a handout used to list some of the manuals and documents available in PDF format as free resource material off our web site. While difficult to choose these eight documents, we chose what we felt would provide examples of the resource information and ministry materials available on our web site. The documents chosen were:

- Freemasonry: The Trojan Horse In The Church. A Pastor's Story. Pierce Dodson.
- A Pastor And Freemasonry – What's A Pastor To Do? Harmon Taylor, HRT Ministries.
- The Christian, Lucifer And Freemasonry. Evans Nicholson, Choosing Truth Ministries.
- The Church And Freemasonry. Evans Nicholson, Choosing Truth Ministries.
- From Tradition To Truth, A Priest's Story. Richard Bennett, former Roman Catholic priest.
- A Time of Departing. Ray Yungen, Lighthouse Trails Publications.
- Generational Curses. Evans Nicholson, Choosing Truth Ministries.

And of great importance –

- Prayer Of Release. Selwyn Stevens, Jubilee Trust Ministries in New Zealand.

Although we brought approximately 2000 document copies to Missions Fest by Saturday, the second day, it was apparent the need was greater than expected. Bringing more documents for Sunday we witnessed God provide resources, ministry and contacts with other ministries through this opportunity provided by Missions Fest. My greatest blessing during this event was to see God provide counseling and ministry support from other ministries and people who came over to be available for others while I was occupied. God provided the right people for each situation as only He can do in His perfect timing. With the conclusion of Missions Fest I left with a greater sense of His love and provision for those seeking Him. I was also encouraged to continue in this ministry and to know that He will be and do what He promises.
