

Dear Partner in the Gospel,

The Pope's Denunciation of True Churches was carried across the world as a major news item on July 10th and the 11th. For example, the UK Times declared, "If it isn't Roman Catholic then it's not a proper Church, Pope tells Christians." Other headlines were "Vatican text angers Protestants" and "Pope Benedict XVI Detours Salvation Through Catholic Church." Because of the consequences of the Pope's decree, and the change of Vatican policy involved, it is necessary to analyze the document and its after effects on true believers. This careful scrutiny of what has happened is contained in our article posted on our website at:

We ask that you forward the article to others and, if possible, that you post it on your Webpage. If you wish to get the article as a Word document, please email us.

Yours in Christ Jesus and for the Gospel, Richard Bennett and Michael de Semlyen

We are still getting a great response from our Conference presentations in Dale City, VA from June 22nd-25th. If you wish to see the topics or listen to any of them, the list is given on:
